

CITY OF PLYMOUTH, CALIFORNIA
PLYMOUTH COLONY MONTHLY

**Were you prepared for PG&E's planned power shut off?
 Here are a few tips to help you prepare for future shut offs**

- Cell phones might not work properly in emergency situations. If you have a land line (assuming it is not internet or wireless), it will generally work during a power outage.
- Check your lanterns for batteries and find your candles as light sources
- Buy ice and ice chests to keep food cold * Cook meat ahead of time & put in ice chests
- Service your generator and make sure it is full of gas. Check that you have a gas can full of gas
- Heavy duty extension cords are needed for generators
- Have enough bottled water to last a few days * Freeze large containers of water to put in the refrigerator
- Withdraw cash because ATM's won't work and banks might not be open
- Gas up cars and gas cans * Check propane level on BBQ before shut off
- Stock up on blankets and sleeping bags
- Make a master call list of family, friends and neighbors in & out of town to check in on
- Coordinate with neighbors that have generators.
- Water heaters have gallons of stored water that can be used. Search in www.wikihow.com for more details.

Frequently asked questions:

Will my water work when the power goes out?

AWA has a backup generator for emergencies, so your water should not be affected.

When will my power be turned on?

The City of Plymouth gets the same information that goes out to the general public. When we get updates we will send out a CodeRED message to keep you informed if you are signed up.

***** CITY COUNCIL MEETINGS —October 24th, November 14th and 28th *****

***** PLANNING MEETINGS—November 7th and November 21st *****

Smokey Bear, Captain Cal and friends from Cal Fire visited with us at City Hall after they taught Plymouth children about fire safety at the park. Thank you for all you do to keep us safe!

The peacocks came in to see what was happening at City Hall. There was no council meeting, so they left to go search for the Mayor!

WATCH OUT FOR LITTLE ONES ON HALLOWEEN

- Slow down and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.
- Take extra time to look for kids at intersections, on medians and on curbs.
- Enter and exit driveways and alleys slowly and carefully.
- Eliminate any distractions inside your car so you can concentrate on the road and your surroundings.
- Drive slowly, anticipate heavy pedestrian traffic and turn your headlights on earlier in the day to spot children from greater distances.

City Hall will be CLOSED Monday, November 11th in observance of Veterans Day
