

HELP CREATE THE AMADOR COUNTY ECONOMIC DEVELOPMENT PLAN

Amador County has long experienced population decline and underemployment. The County Board of Supervisors decided that a plan is needed to help the County and local jurisdictions reverse these trends. In July 2020, the County started the process of creating a five year Comprehensive Economic Development Strategy (CEDS) that will help guide investment decisions on infrastructure, public works, and job creating initiatives. The CEDS will address economic challenges and opportunities, and include an Action Plan for building a resilient local economy, increased commerce, and employment options.
