Headed back to the Pool this Summer?

Always Pool Safely!

Safety Tips to Prevent Drownings:

- Always watch kids in and around the water-- and designate a water watcher.

- Teach children to swim-- or sign them up for swim classes.

- Properly fence all pools at least 4–feet in height around the perimeter of the pool/spa.

- Use a self–closing and self–latching gate.

- Stay away from drains and other pool openings.

- Know life-saving skills, including CPR for adults and kids.
