

PLYMOUTH COLONY MONTHLY

A note from the City Manager, Margaret Roberts.

The Harvest Festival was a huge success! For those who attended, they had a wonderful time. The grape stomping was a great contest to watch and the chili cook-off had some great competition! Great live music in the park, while kids had fun in the playground area. The sidewalk chalk art competition that was done was outstanding and it was a shame that the rain came and washed it away on Sunday. The vendors in attendance were outstanding!

The Halloween Trick or Treating at the 49er Village was a huge success by the looks of how long the line was when I attended. The decorations were fantastic and the families handing out candy on the inside were all friendly. The decorations by the individual sites were more than I expected and are to be commended. What a fantastic event for the community.

As you might have noticed, the City has been utilizing the radar trailers. They can be put out for a multitude of reasons and we plan to utilize them to slow down traffic, advertise events and to draw traffic downtown to anything significant things happening. Thank you Don Akerland for working with the manufacturer of the trailers to get them up and running for the City!

We are having our second of two meetings for community input on the parks grant so that we can start moving forward on the projects for Lodge Hill and McGee Park. After the meeting staff will put together a report to the City Council for their final decision and then bid documents will be created from that decision.

The environmental study is under way for the Fire Station Improvement Project. Once the study is complete then any mitigation that needs to be completed can be done and then the bid documents can be finalized and the project can go out to bid and that project can get under construction. This project has a 45-day construction time frame.

City of Plymouth

PARKS GRANT COMMUNITY INPUT MEETING

Wednesday, November 1, 2023 at 6:30 PM

City Hall

9426 Main Street, Plymouth

Come and give your input on what you would like to see the grant funds (\$177,984 split between Lodge Hill and McGee Park) spent on.

This is the second meeting and out of this meeting combined with the information from the first meeting, staff will have the top three ideas that the community would like to see the grant funds spent on.

Come Shop Local vendors for
everyone on your Christmas list!
