42 Code of Federal Regulations (“CFR”) Part 2

The information you choose to share with our counselors will be confidential and protected under 42 CFR. 42 CFR restricts the disclosure and use of alcohol and drug patient records. This covers any information obtained by a covered program that identifies an individual directly or indirectly as having a current or past drug or alcohol problem, or as a participant in a covered program. If you would like limited information shared with another party, you could choose to sign a release of information, which can be revoked at any time.
