BUILDING APPLICATION - PART II

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class _____ License Number _____

Date: _____ Contractor: _____

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 [commencing with Section 7000] of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor[s] licensed pursuant to the Contractor's License Law.

SINGLE-FAMILY RESIDENTIAL SMOKE AND CARBON MONOXIDE ALARMS DECLARATION & SELF-CERTIFICATION AFFIDAVIT

California state law requires that when building permits are issued for residential additions, alterations, or repairs, and the value of the work exceeds \$1,000.00, smoke alarms and carbon monoxide (C/O) alarms must be installed in accordance with applicable building codes. Existing and fully operational alarms in compliance with current codes are acceptable.

- Smoke alarms shall be installed in each sleeping room, outside and in the immediate vicinity of sleeping rooms, and on each additional story of the dwelling, including basements and habitable attics. (2013 California Residential Code [CRC] R314, 2013 California Building Code [CBC] 420.5 and 907.2.11.2, and of the 2013, California Health & Safety Code 13113.7).
- For dwellings or sleeping units containing fuel burning appliances or with attached garages, carbon monoxide detectors shall be installed outside and in the immediate vicinity of sleeping rooms, and on each additional story of the dwelling, including basements, as required by the 2013 CRC Section R315.2 and CBC Section 420.6.
- Multipurpose (combination carbon monoxide and smoke) alarms may be used.
- All alarms shall comply with requirements for listing and approval by the Office of the State Fire Marshal. http://osfm.fire.ca.gov/licensinglistings/licenselisting_bml_searchcotest.php, and be installed in accordance with the manufacturer's written instructions.

These safety devices must be installed by the time a final inspection is requested for your project, and this completed, signed, and dated document must be returned to the City of Plymouth Building Inspector prior to final sign-off of all building permits requiring compliance.

NOTE: This Self-Certification Affidavit is only applicable when normal access to the interior of a single-family residential dwelling by the City of Plymouth Building Inspector is not required during the course of a permitted project, such as re-roofing, re-siding, adding attached patio covers, decks, and similar exterior projects.

When the project involves the interior of a single-family residential dwelling, or a building other than a single-family residential dwelling, inspection of the smoke and carbon monoxide alarms by the City Building Inspector will be required prior to final approval of your project, and an adult must be present at the time of the inspection.
